Scan to cloud servers

A Compact and Affordable Scanner

600 DPI

A4

Simplex scanning

Up to **50** pages

30 ppm scanning speed

236" Long page
Features:

- AV330S scans 30 ppm at A4, Color, 300 dpi

- Easy to carry due to the slim design

- Support embossed plastic cards

- Professional bundled software applications include Avision Button Manager V2, AVScan X, PaperPort SE 14

- Earth-friendly LED technology

- Compact ADF holds up to 50 pages

- Press and scan to cloud servers such as Google Drive, FTP, Evernote, and Microsoft SharePoint via Button Manager V2

Overview

The AV330S is a 30 ppm , sheetfed scanner that is fast, reliable, and affordable for business where scanning plastic ID cards, business cards, documents or other heavy card stock is necessary. With the straight paper path, the scanner supports paper from 50 to 413 g/m^2（13 to 110 lb.）in weight and in 8.5 x 14 in.（legal）in size and allow embossed plastic cards such as credit cards, or driver's license up to 1.25 mm thick to be transmitted smoothly.

Innovative Design to Save Your Space

The AV330S boasts a unique and stylish design as both the input and output paper tray can be folded when not in use. The paper tray also helps to protect the unit from dust. Unlike bulky conventional scanners, the slim AV330S can be easily carried and fit on a desk without taking up a lot of space.

Optical Resolution of 600 dpi

With a high optical resolution of 600 dpi and advanced image processing technology, you can be assured documents can be converted in the highest image quality. In addition, with the build-in CIS（Contact Image Sensor）module, the AV330S does not require any warm-up time.

Compact and earth-friendly design

The AV330S is compact and earth-friendly in design since it uses CIS（contact image sensor）technology which requires smaller space and the LED lamp as the light source. The LED lamps are lower power consumption and are designed to last for the life of the scanner.

What We Have Bundled

The AV330S comes with TWAIN and ISIS drivers, and are bundled with a suite of powerful software applications that include Avision Button Manager V2, AVScan X and Nuance PaperPort SE 14.

Nuance PaperPort SE14
- The Professional Choice to Organize and Share Your Documents

The PaperPort SE14 main screen

Button Manager V2 makes it easy for you to scan and send your image to your favorite destinations with a press one button. Now the new version comes with an innovative feature to let you scan and automatically upload the scanned document to popular cloud repositories such as Google Docs, Microsoft SharePoint, or FTP. In addition, the iScan feature allows you to insert the scanned image or recognized text after optional OCR (Optical Character Recognition) process to your text editor such as Microsoft Word to get your job done easily and quickly.

Document Imaging is the very first step of Document Management. However, poor quality images can cause serious problems to later indexing or storing processes. It may increase scanning labor costs and lowers the OCR accuracy. AVScan X ensures all documents are checked and polished at the time they are scanned such that the image quality is guaranteed before they are ready to use for other purposes.

AVScan X is an intelligent scanning and electronic filing solution. AVScan X possesses distinct features that convert and index scanned information into electronic documents for easy storage and fast retrieval.

PaperPort SE 14 is Nuance's most popular scanning and document management solution, carefully designed specifically for home office use. Part traditional file cabinet, part digital-document desktop, PaperPort SE 14 is the fastest and easiest way to scan, share, search and organize your documents. Additionally, PaperPort SE 14 now delivers anytime-anywhere access to your most important files however it's convenient for you – using a PC, Mac, iPhone, iPad, or Android device.
